84 EXETER STREET
TEL: COMMONWEALTH 6-6230, EXT. 23

December 5, 1949

Mr. Herbert Strock
Hal Roach Studios
Hollywood, California

Dear Mr. Strock;

As Student Representative of the Division of Motion Pictures and Visual Aids of the School of Public Relations, Boston University, I have been designated to write to you to obtain information in regards to the Motion Picture Fraternity "Delta Kappa Alpha".

The School of Public Relations of Boston University is now in its third successful year, and offers a two year course leading to a Bachelor of Science degree.

Under the supervision of ~~Dr. Abraham Krasker~~, and Mr. Ross Patton U.C.L.A., there are now thirty full time students majoring in motion pictures. The courses include all phases of motion picture work. Although the Public Relations, Advertising, and business films are stressed, courses are also given on the motion picture as an art and entertainment form. Several good films have been produced in our own studio.

We are particularly interested in becoming members of your Fraternity, and if possible, forming a local chapter at Boston University.

We would appreciate it very much if you would send us, as soon as possible, all information pertaining to your organization. Please include such items as charter rules, dues, number of students eligible for membership and any other special requirements. The students are very anxious to get such an organization under way, and will be looking forward to your reply.

Very truly yours,

Euclid J. Peltier

Euclid J. Peltier
Student Representative of the
Division of Motion Pictures and
Visual Aids
