Dear Mr Farmer, dear Glenn, dear Fraternity Brothers!

This is the time to think of all friends near & far, & so I finally get myself to thank you for your various letters & notes & to answer them. It is always so nice to receive the NEWS LETTER & to have at least some contact still. I hope everything is fine with you, the IKA Charter & all the Department. I also wish Mr. Mehring's health improved, & he will be allright again. Was very sorry to hear about his illness.

Your Notes always still were sent to Frankfurt, but over a year I'm back to Munich, at my above address. So please, if you send anything more, mail it to this address. I thought I told you in a former letter I returned to Munich, now 1 1/2 years ago. Here at Munich I'm also working with TV, though in a different field: not anymore youth & women's programs, but supervising the telerecordings of our station. That is a lot of technical & administrative stuff, watching that everything is going OK until everything is ready for re-showing. - Since recently we do experiments with the AMPEX tape-recording system too. It is not yet quite as good as we want it & it should be, - the whole thing has to be adjusted to German voltage etc.

TV in Germany is growing steadily, in spite of the fact that we have only one network, & all the station contribute to the same program. Also the program is extended slowly. There is a lot of film shooting for it, as well as live castings, & films we buy. One Sunday afternoons we started with some films of the favourite "Fury"-series, that is a great success also in this country. We buy quite a lot of films from the USA.

Would be good to hear some day about the new things happening at the Department, & the experiments you continue.

In one of your notes you asked for addresses of other IKA members. I don't remember if I gave you that of

Mr. Tsu-Ming Hu  
81 Kadoorie Ave.  
Kawloon, HONG KONG.

He was member of the Dep. until 1952, taking his BA in 1951, if I remember well.

Let me wish you all the very best for a Happy, Successful New Year & all this Holiday Season!

Good luck to you & your work!

Very sincerely yours,  
(fraternity-sister)

Dear Brigitte:

It was good to receive your letter of December 15th and to learn that all is going well with you. I was disturbed to find that we had not caught one change of address which you gave us and that you have been out of touch, but we now have the correction made to your address file. In order to bring you up to date, I am enclosing copies of the recent Cinema Notes which give you some idea of our recent activities.

You will be sorry to know that Bill Mehring passed away late last Spring. In a way this came as a tragedy to all of us, but due to the nature of his illness, there was no possibility that he would ever be much better and so it is a blessing that the end came without being too prolonged. We have still not been able to completely replace him on our staff at the University.

Last Saturday DKA had its annual initiation banquet, and Mr. George Cukor, the noted director was the honorary member. This was quite a gala occasion which I expect will be written up in a forthcoming newsletter, but I thought you would be interested to note that there were over 100 people at the event, and among the guests for the evening were Judy Garland and Sophia Loren. Obviously this made quite a hit with the boys.

We appreciate Mr. Tsu-Ming Hu's address which you included in your letter. He is one of the individuals who has been noted among the missing. Keeping up with addresses is a never-ending job, but I find it an extremely rewarding one. Please write whenever you can and give my very best regards to Rheinhold Weber, Everhart Hauss, and any of the other people whom I may have had the pleasure of meeting at one time or another. It is very good to hear from you.

Cordially yours,

Herbert E. Farmer
