Dear Herb,

This is a formal answer to the informal conversation we had on the subject of jeweler's and stationer's bills. You asked that Alpha Chapter pay the entire printing bill of \$115.18, and receive credit with the National Organization for the amount above that which we legally owe.

I brought the matter up before the regular meeting on Wednesday, 6 March 1957. It was discussed thoroughly, and some very important facts came to light. In checking the bills paid and still outstanding, we find that we have no record of paying the bill for \$91.62 to Cres Wells for pins and the key. We owe \$85.62 on this bill, as one pin is surplus and to be retained by national. We also owe \$9.97 for the pin and ~~glass~~ that were presented to our retiring president. We will have to pay national the required dues for our active members, which will be done within one week after the dues deadline, which is Wednesday, 13 March 1957. We also owe for our share of the stationer's bill.

In view of the fact that our treasury now stands at \$288.00, it was felt that we could not afford this large expense. We have film rentals still due on our documentary series, and we will have various other expenses from time to time, with very little coming in, most of it from the Coke Machine. The membership of the fraternity, with a quorum present, and myself presiding, passed a motion that Alpha Chapter pay only our legal debts.

However, we feel that you should be given an opportunity to present your views before the membership. We tried to locate you, but you were at the Faculty Club. We would appreciate it very much if you could be with us at one of our regular Wednesday meetings soon. Our meetings are held at 12:15 each Wednesday in Room 106.

I would also like to confer with you on the exact amount Alpha owes on the stationery bill. We are endeavoring to get all these debts cleared away as soon as we can get our financial papers in order.

I look forward to welcoming you to a meeting soon.

Sincerely,

*Milton G. Roberts, Jr.*
