Dear Mr. Baumohl:

I have your letter of October 23rd addressed to Mr. Herbert L. Stroock. We are happy to know that you are interested in becoming a member of Delta Kappa Alpha.

Under the existing constitution, and procedures of the organization, active members are accepted only through established chapters of the Fraternity. Your problem, as a night student at the University exclusively, is not new, but it has been somewhat rare in the past. As more and more students are attempting to complete their academic studies at night while continuing a full-time job, I believe that the problem can be expected to increase.

I have suggested to Milt Roberts and Ramon Ponce that the Alpha Chapter seriously consider this problem, and attempt to establish a pledge program to handle situations such as yours. The specific pledging requirements are a power retained by each chapter because it was considered that the situation would vary from institution to institution.

I trust that you will be in touch with Milt Roberts, and that a successful program can be worked out.

Cordially yours,

Herbert E. Farmer

Mr. Herbert Strock
c/o Delta Kappa Alpha
Cinema Department
USC
Los Angeles 7, California

Dear Mr. Strock:

As a regularly enrolled graduate student in Cinema at USC and a member of the industry, I was very interested in becoming a member of DKA.

However, upon checking the requirements for membership I found that certain pledge activities that take place during the daytime hours must be attended for membership.

Naturally working full time prevents my partaking of any daytime activities, and I would think that a provision would be made to enable qualified people who have other commitments to enjoy the membership of the organization.

Speaking not only for myself but for several other interested parties who are not free during the days to pursue fraternal duties, does DKA close its doors to us?

I would appreciate any light you could throw on the subject.

Sincerely,

A handwritten signature in cursive script that reads "Michael S. Baumohl".
