

November 7, 1956

Mr. Douglas Gallez, President
Delta Kappa Alpha
Department of Cinema
University of Southern California
Los Angeles 7, California

Dear Doug:

I would like to express my appreciation to you for your untiring efforts in helping us to resurrect Delta Kappa Alpha National. Your work on the Constitution and on the copy for the first Newsletter were instrumental in making this possible.

I would also like to have you convey our thanks to the members of Alpha for their economic considerations. Without this help the first Newsletter might well have still been a dream.

I hope that you won't be too disheartened by the Executive Committee meeting we had several weeks ago. The Constitution which we have, largely through your efforts, is still the working Constitution accepted by the Executive Committee until another revision is prepared. We are not holding up activities waiting for this.

We are planning to get the next Newsletter to the printer by December 1. I trust that you will see that Alpha Chapter supplies us with some copy by November 23.

Again, Doug, many thanks for all your help.

Fraternally yours,

Herbert E. Farmer
Executive Secretary
DKA National
