Professor Haig Manoogian
Motion Picture Department
New York University
Washington Square
New York, New York

Dear Professor Manoogian:

In talking with Des Wedberg last week he indicated to me that you would know what, if anything, has happened to the Gamma Chapter of Delta Kappa Alpha at NYU. From the lack of contact in the past few years I would presume that the chapter has become inactive.

I am happy to report that the national organization is again becoming active and if possible we intend to keep it this way. Our plans call for at least four Newsletters this year similar to the attached.

I would appreciate your putting me in touch with the current officers. If it has lapsed into inactivity is there anything we can do to resurrect the chapter? Please let me know of anything I can do to help.

Cordially yours,

Herbert E. Farmer
Director of Services
(Executive Secretary,
DKA National)
